

MSNI Launches New Ambassador Program

The Medical Supplies Network, Inc. board of directors has launched a new nationwide program intended to fund our growing distribution efforts.

MSNI Ambassador Society Members would contribute \$1,000 annually to MSNI.

This annual support allows MSNI to stay on course in following their mission. That mission is to provide free medical equipment and supplies for those in need both locally and throughout the world.

The board also dropped the “Mercedes Car Raffle” that’s been held for many years. “The raffle takes an enormous amount of time vs what the Ambassador program is expected to bring in.” said VJ Lively, director of operations for MSNI.

MSNI has gain world wide support over it’s short history and has been endorsed by several Rotary International Presidents.

It’s hoped that each club in District 6110 will join the program and set the example for club members to follow suit.
